

U.S. Census Bureau jobs

The U.S. Census Bureau is hiring thousands of temporary part-time census takers across the nation for the 2010 Census. The pay is good, the hours are flexible, and the work is close to home. Census taker jobs are excellent for retirees, college students, persons who want to work part time, persons who are between jobs, or just about anyone who wants to earn extra money while performing an important service for their community.

Every 10 years, we conduct a census of our population. The results help determine your representation in government, as well as how federal funds are spent in your community on things like roads, parks, housing, schools, and public safety. As a census taker, you'll play a vital role in making sure that everyone is included.

Conducting the census is a huge undertaking. Thousands of census takers are needed to update address lists and conduct interviews with community residents. Most positions require a valid driver's license and use of a vehicle. However, public transportation may be authorized in certain areas.
